Corporation Deputation to Delhi – Corporation Resolution (2)

this resolution has been forwarded to Government for information

7) On a previous occasion, the Davanagere Municipality had made a similar resolution and solicited sanction of the Government for an expenditure of Rs 500/- for a Municipal Councillor, and Rs 500/- for the President The matter was examined by the Government and the previous Secretary had noted as follows -

"The President had met me today I indicated to him that we had already recommended the schemes to the Government of India and were prepared to remind them and press for early sanction It is not correct, on principle that we should allow Municipalities to approach the Central Government direct The Municipality will be informed of the position and advised not to press the request "

Itd G V Y

8 This had been approved by the Government also Therefore the same decision has to be conveyed even in the case of Bangalore Corporation, because, it is a matter involving principle whether the ~~President~~ Mayor should be allowed to approach the Central Government for loan etc , inspite of ~~Local~~ State Government recommending their cases For orders
